\*Production lead times are estimates only. Actual lead times may vary. Please confirm lead time at order placement.

POKER, BBQ GRILL,  
& SPARK SCREEN  
WITH EVERY FIRE PIT

**Production:** Corrections and changes will delay orders and must be authorized by Patina Products. Orders cannot change after production has been initiated. Cancellations of orders are subject to labor and cost expenses.

Logos and images are cut into the sides of our fire pits using a CNC (Computer Numeric Control) Plasma Cutter and the finished product is 100% hand-welded and hand-finished. As such, slight variations in patina finish, as well as resolution and detail of customer supplied and/or custom logos are normal, and may vary due to the nature of our manufacturing process. Variations include, but are not limited to patina (rust) finish, logo or image placement, quality (thickness, resolution) of line art, cut and weld penetration and uniformity.

**Freight Programs:** We offer several freight options to fit your needs, including direct import, individual drop ship, multiple destination shipments, and order fulfillment on demand.
